

The 40 Mile Park Committee would like to welcome Rob Fyke into his position of Park Manager

Rob Fyke.

Rob comes to us with a wealth of experience and knowledge from a distinguished list of employment and volunteerism, including General Manager for the University of Lethbridge Students' Union, Operations Manager for the University of Saskatchewan Students' Union, President and Marketing/Public Relations Director with the Kinsmen Club of Lethbridge and Chairman of the Lethbridge Kinsmen Dream Home Lotto Foundation.

Rob has been working with the Park now since mid March and has been successful in acquiring new contracts and better services for the Park as well as applying for much needed Government Grants. He is looking to streamline the daily and monthly activities of the Park in order to make operations more effective, financially accountable and efficient

With the appointment of the new Park Manager, the committee anticipates an increased level of service and communication with lease holders and park patrons.

Once again we would like to welcome Rob and give him our support in the tasks that he will be faced with for the continuing improvement of the park and for the benefit to all stakeholders.
